

12. Create a new NotebookLM project titled: “My Chapter Revision Notes.”

D. Attach 3 screenshots from NotebookLM:

1. Combined study guide
2. Flashcards
3. Concept map / explanation

The screenshot shows the NotebookLM interface with a "Digital Literacy: Tools, Ethics, and Safety" project. The left sidebar lists various sources, including "LECTURE 8.docx" and several "Unit3_Lect" files. The main area displays a "Chat" section with a response about internet safety, scams, and cyberbullying. The response includes bullet points on phishing, fake links/websites, strong passwords, and security measures. To the right, there's a "Studio" panel with options like "Audio Overview", "Video Overview", "Mind Map", "Reports", "Flashcards", "Quiz", "Infographic", and "Slide Deck". A note at the bottom says "NotebookLM can be inaccurate; please double check its responses."

The screenshot shows a "Digital Literacy Flashcards" page. It features a single card with the question: "What is the primary purpose of LinkedIn for students and professionals?". Below the card are "See answer", "Restart", "1 / 50 cards", and "Download" buttons. At the bottom, there are "Good content" and "Bad content" feedback buttons. A note at the bottom says "NotebookLM can be inaccurate; please double check its responses."

The screenshot shows a "Essential Digital Competence and Cyber Security" concept map. The central node is "Professional Platforms & Social Media", which branches into "LinkedIn (Career Growth Platform)" and "Major Social Platforms Overview". Other nodes include "Internet & Email Fundamentals", "Digital Communication & Etiquette", "New Age Life Skills: IT Skills", "Cloud Storage & Collaboration", and "Online Safety & Responsibility". Arrows indicate connections between these nodes. At the bottom, there are "Good content" and "Bad content" feedback buttons. A note at the bottom says "NotebookLM can be inaccurate; please double check its responses."
